## Work History

2022-12 - Current

**Software Development Engineer**  
YY Ventures, Dhaka, Bangladesh

- Designed and developed scalable, efficient, and reusable UI components using Next.js, React, and TypeScript
- Built and maintained multiple Next.js projects, ensuring optimal performance, security, and reliability
- Implemented server-side rendering (SSR) and static site generation (SSG) to improve application performance and SEO
- Utilized React Hooks, Context API, and Redux to manage state and props in complex applications
- Developed and integrated RESTful APIs, and third-party services using Axios, Fetch.
- Followed best practices for code organization, naming conventions, and commenting, ensuring maintainable and readable code
- Utilized tools like ESLint and Prettier to enforce code quality and consistency
- Stayed up-to-date with the latest Next.js, React, and JavaScript ecosystem developments, applying new knowledge to improve project outcomes

**2022-08 - 2022-11**

## **Frontend Developer**

*Make Real, Rajshahi, Bangladesh (Remote)*

- Enhanced user experience by implementing responsive web designs and optimizing application performance.
- Developed reusable components to facilitate faster development timelines and improve overall code quality.
- Maintained high-level expertise in React state management strategies.
- Mentored junior developers, providing guidance on React concepts and best practices for efficient project completion.
- Contributed to a positive UX through careful attention to design specifications and close collaboration with UI/UX designers.
- Collaborated with cross-functional teams to develop seamless integration of APIs, improving data flow within applications.
- Assisted in scoping project requirements, providing accurate time estimates for feature development to ensure timely deliveries.

**2021-02 - 2022-06**

## **Junior Developer**

*Global Digital Solutions, Dhaka, Bangladesh (Remote)*

- Gained practical experience as a junior developer at Global Digital Solutions.
- Learned team management and collaboration.
- Familiarize myself with project management tools.
- Used Trello and Monday.com for effective project management.
- Implemented best practices in code quality, ensuring maintainability and readability of software projects.
- Consistently met project deadlines while maintaining high-quality deliverables, contributing to overall team success.
- Worked closely alongside UX/UI designers to create seamless and visually appealing user interfaces by translating wireframes into functional HTML, CSS, and JavaScript code.
- Collaborated with the design team to convert mockups into fully functional web pages, ensuring seamless user interfaces.

## Education

---

Expected in 2027-08 **Bachelor of Science: Computer Science And Engineering**  
*Bangladesh University of Business And Technology - Dhaka, Bangladesh*

2022-02 **Diploma in Engineering**  
*Engineering And Survey Institute - Rajshahi, Bangladesh*

- 3.54 GPA
